**VACUUMS | SHROUDS | ACCESSORIES**

H0901 Slurry Vac System Shown\*

A close-up photograph of a worker's hands wearing black gloves, operating a hand grinder. The grinder is equipped with a clear plastic dust containment shroud and a vacuum attachment, which is connected to a black corrugated hose. The worker is grinding a concrete surface, and some dust is visible on the ground. The background is slightly blurred, showing more of the worker's legs and the outdoor setting.

# WHEN YOU MAKE THE WORLD

EST.  
**200,000+ LBS.**  
OF RESPIRABLE DUST SAFELY  
CONTAINED IN 2023

Hand grinders generate harmful cement dust, causing respiratory problems. A NIOSH study found dust containment shrouds dramatically reduce exposure, from 1.9 mg/m<sup>3</sup> to 0.33 mg/m<sup>3</sup>. This significant reduction helps prevent life-threatening diseases like silicosis.

Improve your and your team's safety and health with our dust containment shrouds and vacuums. These tools effectively capture dust at the source, preventing you from inhaling an average of 138 grams of cement dust per year.

When you make anything from roads to schools to garage floors and more, make it Dustless for a safer, healthier work environment.

# MAKE IT DUSTLESS

# VACUUMS

Designed with construction in mind, these vacuums are powerful enough to take on any application: concrete, drywall, paint removal and more. With a purposeful balance of airflow and suction, our vacuums provide longer use without clogged filters.

# WUNDERBAG®

The Wunderbag Micro Pre-filter is a versatile wet+dry debris collection bag for nearly all shop-type vacuums. Its sealable cap and durable synthetic material means that you can vacuum wet and dry debris of any variety and keep the contaminants held safely inside the bag.

FITS  
MOST  
VACS

## UNIVERSAL FLEXIBLE PORT

The WUNDERBAG's flexible gasket easily accepts vacuum ports ranging from 2 to 2 3/4 inches in diameter.

### WUNDERBAG Micro Pre-Filter

Our universal shop-vacuum bag filters down to 0.5 microns and fits on nearly all brands of shop-type vacuums. Each Wunderbag comes in a two pack.

**CAPACITY:** 4-7 GAL / 8-10 GAL / 12-18 GAL  
**DEBRIS:** Wet+Dry  
**PORT SIZE:** 2-2 3/4"  
**FILTRATION:** 0.5 Microns  
**MODEL:** D1340 (4-7 GAL)  
D1341 (8-10 GAL)  
13141 (12-18 GAL)

OSHA Silica ☒ EPA RRP ☒

### HEPA WUNDERBAG Micro Pre-Filter

The HEPA Wunderbag is made of HEPA material that filters down to 0.3 microns at 99.97% efficiency with all the great features of the standard Wunderbag.

**CAPACITY:** 4-7 GAL / 8-10 GAL / 12-18 GAL  
**DEBRIS:** Wet+Dry  
**PORT SIZE:** 2-2 3/4"  
**FILTRATION:** 0.3 Microns  
**MODEL:** D1343 (4-7 GAL)  
D1344 (8-10 GAL)  
D1351 (12-18 GAL)

OSHA Silica ☒ EPA RRP ☒

 NOTE: The HEPA Wunderbag DOES NOT make your vacuum HEPA certified by any regulatory standards.

# SLURRY VACS

Our industrial vacuums are powerful workhorses. Their simple design means easier maintenance and operation, with all the industrial-grade strength you need for big jobs.

SIMPLE  
DESIGN

	H0901 (55 GAL Vacuum Topper)		
	H0908 (30 GAL System)		
	H0902 (30 GAL Vacuum Topper)		

\***OSHA Silica**

*\*The SlurryVac System helps prevent exposure to silica by cleaning up slurry before it dries, not by point of origin Table 1-compliance.*

# DUST CONTROL

Each Dustless shroud is engineered to have a universal fit. Our shrouds will work with most major brands and their respective tools. When used with a proper vacuum, such as our line of Dustless Vac's, our shrouds are the simplest solution for complying with OSHA's silica rule and other regulations.

UNIVERSAL  
FIT

Dustless

## DustBuddie® XP for Hand Grinders

Our high-end grinding shroud with sliding edge clip is our most durable and convenient shroud for any grinding application.

<b>TOOL:</b>	Hand Grinder	<b>INCLUDES:</b>	(1) 18" flexible hose,
<b>TASK:</b>	Surface Grinding		(3) height adjustment spacers
<b>REQUIRED:</b>	25 CFM per in. wheel diameter		(1) releasable zip tie
<b>MODEL:</b>	5" - D5835		(1) swivel cuff (7" shroud only)
	7" - D5850		

## DustBuddie® for Hand Grinders

Our most popular grinding shroud with removable edge clip is durable and convenient for any grinding application.

<b>TOOL:</b>	Hand Grinder	<b>INCLUDES:</b>	(1) 18" flexible hose
<b>TASK:</b>	Surface Grinding		(3) height adjustment spacers
<b>REQUIRED:</b>	25 CFM per in. wheel diameter		(1) releasable zip tie
<b>MODEL:</b>	5" - D1835 (Hose not included)		
	5" - D0835		
	7" - D1850 (Hose not included)		
	7" - D0850		

## Dustie® for Hand Grinders

Our most affordable grinding shroud meant for one-time-use applications. Front edge can be cut away for grinding against walls or curbs.

<b>TOOL:</b>	Hand Grinder	<b>INCLUDES:</b>	(1) band clamp
<b>TASK:</b>	Surface Grinding		(1) releasable zip tie
<b>REQUIRED:</b>	25 CFM per in. wheel diameter		
<b>MODEL:</b>	5" - D1836		
	7" - D1854		

## BitBuddie® for Drilling and Coring

Used for capturing dust and slurry from drilling and coring. Models D1905 and D1908 can be cut to custom shapes and sizes for custom tasks, including cutting drywall.

<b>TOOL:</b>	Drills/Coring Tools	<b>INCLUDES:</b>	(1) 18" flexible hose
<b>TASK:</b>	Drilling/Coring/Cutting		
<b>REQUIRED:</b>	120 CFM		
<b>MODEL:</b>	1 3/8" - D1900		
	4" - D1905		
	8" - D1908 (Hose not included)		

## DustBuddie® for Worm Drive/Hypoid Saws

Our dust collection shroud designed specifically for worm drive/hypoid saws. Suitable for concrete dust, saw dust, and other debris.

<b>TOOL:</b>	Worm Drive/Hypoid Saws	<b>INCLUDES:</b>	(1) wood collection shield
<b>TASK:</b>	Cutting		(1) swivel cuff
<b>REQUIRED:</b>	125 CFM		(1) spacer
<b>MODEL:</b>	D4000		(1) releasable zip tie

## DustBuddie® for Flatwork

Our dust collection shroud designed specifically for flatwork with gas powered saws. The shroud's side walls help stabilize lengthy cuts as well as capture dust.

<b>TOOL:</b>	Gas Powered Saws	<b>INCLUDES:</b>	(1) universal mounting bracket
<b>TASK:</b>	Cutting		with hardware
<b>REQUIRED:</b>	260 CFM		(1) bungee fastener
<b>MODEL:</b>	D0084		

## DustBull® for Hardscaping

Our dust collection shroud designed for cutting bricks, blocks and pavers with gas powered saws. Wide mouth and hinged mount accommodate various angles.

<b>TOOL:</b>	Gas Powered Saws	<b>INCLUDES:</b>	(1) universal mounting bracket
<b>TASK:</b>	Cutting		with hardware
<b>REQUIRED:</b>	260 CFM		(1) bungee fastener
<b>MODEL:</b>	D1765		

## SawBuddie® for Reciprocating Saws

Our dust collection shroud designed for reciprocating saws. Small gap in shroud leaves line of sight unobstructed without effecting collection.

<b>TOOL:</b>	Reciprocating Saw	<b>INCLUDES:</b>	(1) 18" connector hose
<b>TASK:</b>	Cutting		(1) releasable zip tie
<b>REQUIRED:</b>	125 CFM		
<b>MODEL:</b>	D2415		

## CutBuddie® for Hand Grinders

The CutBuddie comes with a special cutting depth guide. Useful for decorative concrete cutting, tuckpointing, and crack chasing.

<b>TOOL:</b>	Hand Grinder	<b>INCLUDES:</b>	(1) 18" flexible hose
<b>TASK:</b>	Cutting		(3) center adjustment spacers
<b>REQUIRED:</b>	25 CFM per in. blade diameter		(1) arbor extender
<b>MODEL:</b>	5" - D1730 7" - D1750		(1) releasable zip tie

## CutBuddie® LT for Hand Grinders

The CutBuddie LT is our simplest, most economic cutting shroud for hand grinders. Useful for decorative concrete cutting, tuckpointing, and crack chasing.

<b>TOOL:</b>	Hand Grinder	<b>INCLUDES:</b>	(1) 18" flexible hose
<b>TASK:</b>	Cutting		(3) center adjustment spacers
<b>REQUIRED:</b>	25 CFM per in. blade diameter		(1) arbor extender
<b>MODEL:</b>	6" - D0730		(1) stepped adapter

## DustBuddie® for Demo Hammers

Our dust collection shroud for jackhammers and SDS demo hammers. Comes with chisel end attachment for chipping applications such as tile removal.

<b>TOOL:</b>	Jackhammers SDS Hammer Drills	<b>INCLUDES:</b>	(1) chisel end attachment (1) hook-and-loop strap
<b>TASK:</b>	Demolition		(1) hose segment extension
<b>REQUIRED:</b>	130 CFM		
<b>MODEL:</b>	D2327		

## ChipBuddie® for Scraping

Scraping head dislodges debris into open slots on either side of scraping blade. Attaches to vacuum hose. No additional equipment required.

<b>TOOL:</b>	None required	<b>INCLUDES:</b>	(3) replacement blades
<b>TASK:</b>	Scraping		(1) 18" flexible hose
<b>REQUIRED:</b>	120 CFM		
<b>MODEL:</b>	61005		

# ACCESSORIES

Dustless accessories can help bridge the gap between your existing equipment and a complete dustless system. Each part of a dustless system is designed with universality in mind to work with other major brands. Or if you're just looking for extras, we've got what you need to stay dustless.

COMPLETE  
YOUR KIT

## 25' Crushproof Hose

Extra length hose for Dustless Vacs or other compatible vacuums. Crush-proof from the impact of heavy objects, and kink-proof for unrestricted movement.

**CUFFS:** 2.25"  
**LENGTH:** 25 Feet  
**MODEL:** 14291

## 12' Crushproof Hose

Standard length hose for Dustless Vacs or other compatible vacuums. Crush-proof from the impact of heavy objects, and kink-proof for unrestricted movement.

**CUFFS:** 2.25"  
**LENGTH:** 12 Feet  
**MODEL:** 14251

## 18" Adapter Hose

Standard adapter hose for attaching Dustless shrouds to larger vacuum hoses. Perfectly flexible, lightweight, and compact.

**PORTS:** 1.25" / 2.25"  
**LENGTH:** 18 Inches  
**MODEL:** D5155

## Stepped Adapter

Adapter used for attaching Dustless shrouds to larger vacuum hoses of varying width. Can be used in place of adapter hose, or misc. uses with other hoses.

**PORTS:** 2.25" / 1.75" / 1.25"  
**LENGTH:** 3.34 Inches  
**MODEL:** D1414

## HEPA Floor Tool

The HEPA floor tool uses a beater bar which is powered by the suction of your vacuum. Meets EPA RRP requirements for lead abatement.

**PORTS:** 1.25"  
**LENGTH:** 13 Inches  
**MODEL:** 13242

# OUR JOURNEY TOWARD LOCAL MANUFACTURING

At Dustless Technologies, we're dedicated to providing reliable solutions for dust control and job site clean-up. While we sell internationally, our roots remain firmly planted in local soil, and we're actively committed to increasing our local sourcing and manufacturing.

We understand the value of supporting local communities, creating jobs, and minimizing environmental impact through shorter supply chains. Several of our products can certify as "Made in USA" or "Buy American" certified, with many of our top sellers manufactured or assembled right here in Price, Utah. This local production allows us to ensure quality, optimise efficiency, and manage our sourcing responsibly.

**However, we're not resting on our laurels. We're continuously pushing ourselves to increase our domestic footprint.**

This journey has been both challenging and rewarding, filled with exciting breakthroughs and setbacks. But here at Dustless Technologies, we believe that anything worthwhile takes time and perseverance.

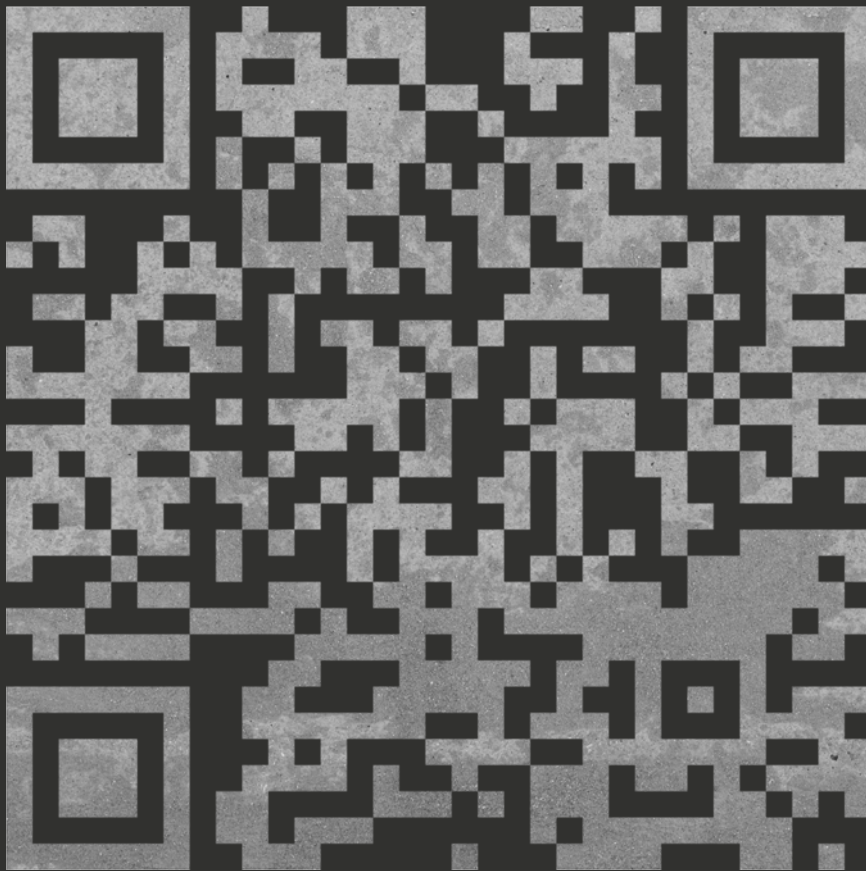

We're currently developing a new line of vacuums with familiar power and dependability with new sizes and upgraded components. This new line will feature a significant increase in locally sourced and manufactured parts, utilizing advanced methods to expand our domestic production capacity. We're confident that these products will represent a significant leap forward in American-made innovation.
